

# SERRAX TECHNOLOGIES

An ISO 9001 : 2015 Certified Company

## PRODUCT CATALOGUE

**A Leading  
Manufacturer  
and Supplier  
of Air Quality  
Monitoring, Gas  
Monitoring,  
and Industrial  
Process  
Measurement  
Instruments.**

# CO MONITOR (COA109)

## SPECIFICATION

|                     |                                                                                                          |
|---------------------|----------------------------------------------------------------------------------------------------------|
| Measuring Principle | EC                                                                                                       |
| Resolution          | 0.01 PPM                                                                                                 |
| Ranges              | 0-100 PPM                                                                                                |
| Response Time       | T90 < 60 sec                                                                                             |
| Internal Memory     | 4GB non Volatile                                                                                         |
| Display             | In-built LCD Display                                                                                     |
| Data Transfer       | Direct into pendrive in Excel format                                                                     |
| Calibration         | In - house gas dilution facility to perform multi- point calibration<br>(Typically required once a year) |
| Logging Interval    | 1 min - 1 hour (Programmable)                                                                            |
| Battery             | Rechargeable                                                                                             |
